Dear Reservoir Views Students, Parents and Community members,

Next week teachers will be planning throughout the week in preparation for Term 4. This is where teachers come together for the day as a cohort team to look at student learning, data and the curriculum to create the teaching and learning that will take place throughout the term. This is also a chance for teachers to be reflective about the teaching and learning that has been happening to ensure that student needs are being met.

Teachers have been working closely with the students in developing Writing goals at the point of need for each individual student. This allows for students to have agency in their learning. They know what they are able to do, they know what their next goal is and how to achieve it. Students will then have a conference with their teacher to discuss how they are going and discuss their success. Have a chat with your child/ren about their writing goal and how they are going with achieving it.

- These are examples of the writing goals in each classroom, all students have their name attached to the goal they are working on. Have a look at these in your child's class. Your child/ren will be excited to share their learning with you.

Last month in Parkville was the Victorian Taekwondo competition. Competitors from across Victoria came together to see who has trained the hardest and could win gold and the title of the best in the state.

Clémentine won the gold medal in that competition.

The next step is this Friday 6th September where the best of each state come together at the Gold Coast to compete and see who will win the title of gold in the Australian Taekwondo National Championships.

Clémentine has been training every day and will be competing against the best of every state. We wish Clémentine the very best, we will be cheering her on from Melbourne. Good luck!

FUNDRAISING PAVERS

We are currently fundraising to resurface our sports oval and install a wood-fired pizza oven that we can use for community events. For the first time since 2015, we are offering fundraising pavers for the community. They will be paved along the entry path to the school for everyone to see your contribution to Reservoir Views. They are \$50 per paver. Forms are available at the office.

2020 ENROLMENTS

As we are commencing the organisation of the grade structure and teaching roles for next year, it is essential that we know exactly how many students will not be returning to Reservoir Views next year. If, for any reason, your child/children will be leaving the school between now and the beginning of the next school year, please let the school know in writing as soon as possible.

If you have a child starting Foundation next year or know someone who will be enrolling with us, this is a reminder to book in for a school tour, and collect an enrolment form from the office.

Warm regards,

Steve Stafford
Principal.

SAVE OUR SCHOOL AND PLANTS

Dear parents and school community. We in Hickford Action Team in 3/4 would like to inform you of the importance of the plants and trees at our school. We should stop climbing on the trees because they are looking tired. Stop picking the grass because it is making the oval look brown. We need to make our school beautiful so people would like to come here and visit and maybe enrol their kids in Prep.

From Famata and Ebony (Hickford 3/4 Action Team)

DAREBIN DOLPHINS

We, Darebin Dolphins, want to inform whoever is reading this that water is being drained from existence by us humans and other living things. Ways to save water are to turn off taps when they aren't being used, use the low flush button on the toilets, build more water tanks and make filters to filter out water. We hope you take our advice.
