

2020 Student Attitudes to School Survey

Preliminary Topline School Report for Reservoir Views Primary School

Please note: this report illustrates 'live' results as responses are submitted by students, and will dynamically update until the end of the survey period (November 13). Detailed school level reporting will be provided by the Department later in the year.

Total number of submitted student responses: 54

Overall response rate: 66%

Please note: Overall response rate is based on headcount information provided by schools on the portal (n=82)

Please note:

- Where less than 5 students have answered a question, these results have been suppressed (*) to prevent the possible identification of individuals.
- An asterisk (*) at the end of a question text indicates that both mainstream and accessible survey results have been included in that row, where relevant.
- Results for questions may not add up to 100% where some students did not provide an answer.
